

Southmead Seed Swap

Saturday 28th March
12 – 3pm

At Greenway Centre, BS10 5PY

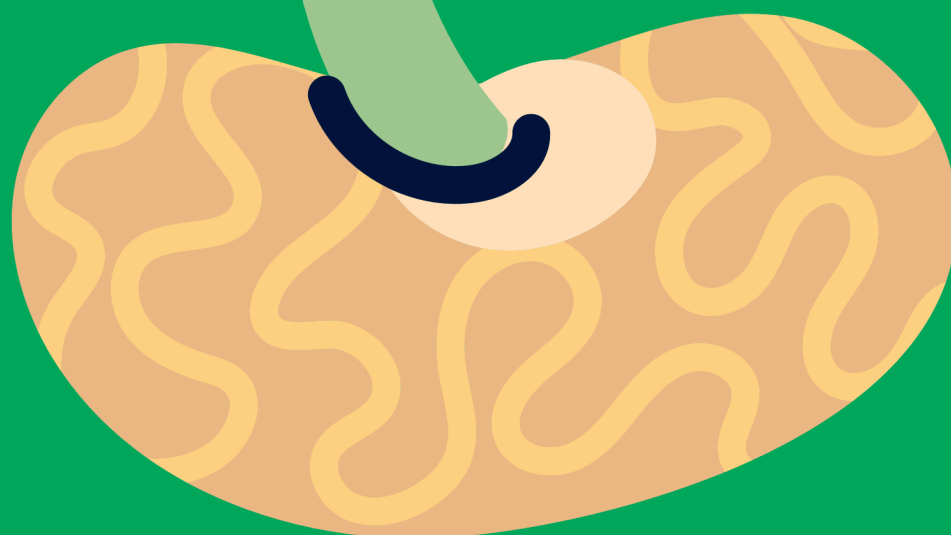

What is a seed swap?

A seed swap is a free event where growers and gardeners can exchange seeds and bulbs.

How does it work?

Bring along your unwanted or saved packets of seeds, in a labelled packet, and swap them for the new seeds you fancy trying this year. Or if you do not have seeds to swap, choose some and make a donation if you can.
